Hello Lighthouse Family!

As LCS continues to grow and improve, we want to partner with you as parents by keeping you up-to-date on all the exciting things happening around campus and informing you of our progress throughout the year! There are always exciting events to attend and important dates to save-- plus, we love any chance we get to show off your amazing students and the amazing things they are doing each day!

Starting this year, we are so excited to announce that we will be sending our parents and students a Monthly LCS All-School Newsletter. Without further ado, please enjoy our very first monthly newsletter that's full of our favorite highlights from January!

# Rewind

- ◀ MLK Day: To celebrate the life of Dr. Martin Luther King Jr., some of our Elementary students wrote their own "I Have a Dream" speeches about their own dreams for the future. So proud of our students for representing what honor looks like in the classroom!
- ◀ Parent Luncheon: This January, we created a Parent Teacher Fellowship that will work hand-in-hand with our Presidential Parent Council in order to better serve and communicate to our LCS Family. Our goal is to engage parents throughout their child's educational journey by meeting regularly and work together to achieve our annual goals. If you'd like to join either of these parent groups, please RSVP on the right to join our next Parent Luncheon on February 17th! We would love to partner with you to make Lighthouse even better!
- ◀ Homecoming 2023: We had a blast at this year's Homecoming Game and Ceremony! Our students showed up in their best attire and took some amazing photos with Tucker Photography. If you would like to view/purchase your student's Senior Formal photo or view the Homecoming Gallery, click the links on the right!
- ◀ Senior Chapel: Every month our MSHS Chapel presents a "Feature Friday," where one of our students gets to be featured onstage so we can get to know them and their story better! This month we interviewed Hannah Bentley, who is a graduating senior and is celebrating 16 years as a Lighthouse student! Her desire is to have a career in education to continue to serve students in and beyond the classroom. So proud of you, Hannah!
